ONE7 JESUCRISTO

2012

CHRISTMAS OUTREACH

Christmas in America has become a season of consumerism and greed.

However in the lives of many of our kids their greatest desire is to be sure their families have food and their basic necessities met.

So as Christmas approached we gathered all of our resources to bless and pour out the love of Jesus on the community. We made 5 trips to the grocery store and spent almost 3000 dollars buying food, diapers, and toiletry items for over 30 families.

The One7 leaders took the food to each family and shared with them about who Jesus was

in their life and why we are able to help meet their needs.

It was an incredible opportunity to serve our community and a powerful way for our leaders to show their families and community members the love of Jesus.

Through their faith and hearts of service we are seeing God grow them in their personal walks and seeing bridges built in the community who are Hindu, Muslim and many other religions. God is at work here and we are excited to see what He has in store as we head into 2012.

WINTER CHICAGO TRIP

PHOTOS

As Christmas break came to a close for the One7 kids we loaded up a couple of vans and made the long haul to Chicago. This summer we spent 2 weeks building relationships with refugee families in several apartment complexes up there so this was a great opportunity to road trip up for a visit!

The moment we arrived at the apartment complexes we were greeted with warm smiles, tons of hugs and sheer excitement that we had come back even if only for a few days. It was incredible.

We took the kids ice skating, to a movie, and most of all did a huge outreach day of giving the kids and their families food. The One7 leaders on the trip jumped right back in and gave all they had to these younger kids.

We closed out the trip by spending New Year's Eve at Navy Pier as a One7 family. It was a great time of celebrating and having fun together as a family!

It always amazes me how the One7 leaders are able to lead the next generation with such love, compassion, and care on these trips. They never complain and always are focused on sharing Jesus with the kids they are serving. It is simply powerful. Our One7 leaders are truly a generation of Joshuas that God is using to bring His word to the nations! They are growing into leaders who are willing to do whatever God asks when he asks them to do it. It challenges our faith and pushes us to grow deeper every day. It is amazing to be a part of.
